

Ariana Chavez
A little bit about Me

Introduction:

My name is Ariana and I am from Santa Fe, New Mexico. I currently commute from Santa Fe to Albuquerque throughout the week. I love to travel and my favorite color is pink. Family is absolutely the most important thing to me. I am the oldest out of five which I absolutely love. I have twin sisters, a younger brother, and a little sister. All of my siblings currently play soccer and I can say I am their biggest fan. I used to play soccer but unfortunately I tore a ligament on my knee. I now help my mom with her COED soccer team.

Goals:

I am majoring in business in general management. My main goal is to receive my bachelors, get into law school, and own my own salon and law firm. I am mainly taking this class because it sounded interesting. I want to learn what HTML coding is and how to do web design overall.
